2. RENTAL CONDITIONS

By signing the agreement, the User confirms receipt of the vehicle in proper condition for the rental service covered by the agreement, including all associated equipment and accompanying documentation.

By signing the agreement, the User guarantees to the Lessor that they have met all the requirements specified in the General Terms and Conditions and that they hold all documents necessary to legally operate the vehicle in accordance with the laws of state of Florida, US. The User is obliged to present the originals of these documents to the Lessor for verification. Required documents include: a valid driving licence held for a minimum of one year, a national ID card or passport, and a credit card issued in the name of the driver.

The User is fully responsible for any traffic violations committed during the rental period, as well as for any that are disclosed after the rental has ended.

3. PAYMENT TERMS

A pre-authorization (funds hold) will be made on the User's credit card to cover obligations arising from the agreement, including potential vehicle damage or other incidents for which the User is responsible. The User must ensure that sufficient funds are available for the pre-authorization, in an amount determined by the Lessor in accordance with the current rental terms, depending on the vehicle class, rental duration, and selected insurance coverage.

By signing the rental agreement, the User authorizes the Lessor to charge the applicable rental fee in advance, based on the daily rate agreed upon in the contract. This amount includes all selected add-ons (insurance coverage, additional equipment, and services) and any other applicable charges in accordance with the valid price list. These charges will be applied to the credit card used for the pre-authorization or to any other form of payment mutually agreed upon.

By providing a credit card in the rental agreement, the Lessee agrees to be charged for any additional costs resulting from an extension of the rental period, as well as charges incurred after the vehicle has been returned to the Lessor (e.g. damage repair costs, missing fuel, fines).

If the User makes a payment directly to the Lessor's bank account, the payment must be made within the specified deadline. The funds must be credited to the Lessor's account before vehicle pick-up. In the event of a delay, the Client shall be obligated to pay statutory interest to the Lessor, along with any other incurred costs.

4. USER OBLIGATIONS

By signing the Agreement, the User confirms that they are familiar with all the provisions listed below and fully accept them:

- a. The condition of the vehicle at the time of pick-up and return shall be documented in a report prepared by the Lessor's employee with the participation of the Lessee. Based on these reports, differences between the vehicle's condition at the time of pick-up and return—particularly its technical condition—shall be determined.
- b. The vehicle shall be returned to the original pick-up location or another location agreed upon with the Lessor, at the time specified in the Agreement, in the same condition as it was received, including all equipment (such as child seats and/or GPS devices), the same fuel level, and the entry parking ticket. If the vehicle is returned in a different condition than described above, additional charges will apply as specified in the Agreement—unless the Renter has purchased relevant protections (e.g. excess waiver). The rental agreement is considered concluded, and the vehicle returned, only during the Lessor's business hours, following an inspection conducted by a Lessor's employee. The return report shall include the date and time of inspection. If the Lessee is not present for the inspection due to their own fault (e.g. refusal to participate), the Lessor has the right to prepare a unilateral return report, which will be binding. Vehicles are rented in 24-hour periods. A delay of up to 30 minutes in returning the vehicle will not result in additional charges. Any request to extend the rental period or make other changes must be submitted to the Lessor—specifically, to the branch from which the vehicle was collected—by phone or email before the end of the rental period. If the vehicle is not returned by the agreed deadline, the Lessor will report unlawful appropriation of the vehicle to the police.
- c. If the vehicle is returned outside of the Lessor's business hours and without the presence of a rental office employee, the User must prepare photographic documentation of the vehicle in the condition in which it was left. This documentation must include both the exterior and interior of the vehicle and be retained for no less than 30 days from the return date. The minimum required documentation includes: 4 photos showing each corner of the vehicle (taken diagonally), a photo of the dashboard showing mileage and fuel level, a photo of the interior, and a photo of the windshield. If the Lessee fails to prepare this documentation, the vehicle's condition will be determined by a Lessor's employee during business hours. In the event of a complaint or dispute related to the rental, the Lessee is required to provide the Lessor with the photographic documentation upon request to confirm the vehicle's condition at the time of return.
- d. If the vehicle is returned during the Lessor's business hours, the Lessee must participate in the inspection and preparation of the return report, which will describe the condition of the vehicle at the time of return. Refusal to participate in the return inspection (regardless of the reason) will result in the Lessor preparing a unilateral return report, which shall serve as the basis for any potential charges related to the vehicle's condition.

- e. If the vehicle is returned during the Lessor's business hours, the Lessee is not permitted to return the vehicle by using the "key drop box" option. This option is reserved solely for after-hours returns with prior consent from the Lessor and in accordance with other applicable terms described in these General Terms and Conditions. Using the key drop box during the Lessor's business hours shall be considered a refusal to participate in the return inspection and will result in the preparation of a unilateral return report by the Lessor, which will serve as the basis for any potential charges related to the condition of the returned vehicle
- f. The vehicle will be used in a manner that does not involve overloading, using it for driver training, towing or transporting other vehicles or trailers, transporting passengers for profit, participating in races, rallies, endurance tests, or engaging in any illegal activities;
- g. The vehicle will be used only by the designated driver or an additional driver specified in the Agreement, solely for personal use and in accordance with the intended purpose of the vehicle. The vehicle shall not be made available to unauthorized users or third parties;
- h. The User will properly secure the vehicle when leaving it by closing all windows and locking the vehicle, taking the keys (or other control devices) and documents with them;
- i. The User will drive only on public roads, refrain from driving under the influence of alcohol, drugs, or other prohibited substances, and comply with all traffic regulations;
- j. The User will perform regular maintenance of the vehicle, including checking coolant, oil and other fluid levels, tire pressure, and similar standard checks;
- k. The User will immediately notify the Lessor if a dashboard warning light indicates the need for repair (or fluid refill), or if the User becomes aware that the vehicle may require inspection. The User shall make the vehicle available for inspection (after agreeing on time and place with the Lessor). If damage occurs due to the User's failure to comply with these obligations, the User will be held liable for the damage and any resulting loss of income due to the Lessor's inability to perform essential operations or maintain service availability;
- l. The User will not transport more passengers or cargo than the maximum allowed as specified in the vehicle's documentation, and not make any modifications to the vehicle;
- m. Rental vehicle may be driven throughout within TEXAS. Travel to other states is strictly prohibited. However, restrictions may be placed on certain remote areas and regions for which written approval of the renting location is required. Failure to comply with territorial and cross-border usage restrictions shall render any insurance coverage described in Section 8 of these Terms and Conditions void;

- n. The User will bear all (but not limited to) costs related to the operation of the vehicle, such as fuel, tolls, bridge fees, parking charges, fines, and other applicable fees;
- o. The User authorizes the Lessor to charge the User—without prior notice—for any traffic offenses, parking fines, and other penalties or administrative fees incurred during the rental period and arising from violations of the laws of the state of Florida or any other country. These charges will include an administrative fee and will be charged to the credit card provided on the front page of this rental agreement;
- p. In the case of a legal entity acting as the User, the vehicle may be used by an employee who meets the specified requirements, provided prior notice is given and the Lessor's consent is obtained. The legal entity must inform the employee of the rental terms, and such permission does not release the legal entity from full responsibility for compliance with these Terms and Conditions.

5. VEHICLE DAMAGE AND/OR LOSS OF DOCUMENTATION

In the event of damage to the vehicle (including theft), loss of equipment or tools, loss of documents, license plates, or vehicle keys, the User shall be liable for covering the full cost of replacement or repair. The User shall also be held responsible for damage to the engine or mechanical components of the vehicle (e.g. due to lack of oil, coolant, or other engine fluids), as well as for damage to the oil pan, clutch (e.g. burnt clutch), undercarriage, loss/destruction of documents or keys, loss/destruction of license plates, damage to the vehicle interior, burnt seats, use of incorrect fuel, or any other damage resulting from negligence by the User or additional driver (such as careless driving or off-road use).

In such cases, the User shall reimburse the Lessor for the full cost of vehicle repair plus the value of lost daily rental income, based on the rate stated in this rental agreement, for the duration of the repair period, up to a maximum of 30 days. The User shall also be liable for any additional damages, including towing costs or reduction in the vehicle's value.

The User agrees to operate the vehicle in accordance with the manufacturer's instructions, including the use of appropriate fuel—diesel or unleaded petrol—as specified. Any damage resulting from failure to follow these instructions shall not be covered by insurance and shall remain the sole responsibility of the User.

6. THEFT, ACCIDENT INVOLVING THE VEHICLE AND/OR MALFUNCTION

In the event of an accident, vehicle damage, theft, engine failure, or similar incidents, the User is obliged to:

- Ensure that no further damage occurs to the rented vehicle until it is taken over by the Lessor;
- Record the names, phone numbers, and addresses of witnesses and persons involved in the incident;
- Call the police to the scene and obtain an official police report (except in the case of engine failure);
- Notify the nearest Lessor's office of the incident.

The User is required to report any vehicle damage to the police. Failure to submit a police report or a written statement will result in the User being held fully responsible for all costs related to the damage or loss of the vehicle, including compensation for lost revenue based on the daily rental rate for the period the vehicle is unavailable, for a maximum of 30 days. This applies regardless of the User's fault or whether the User has accepted and paid for additional liability limitation or waiver packages.

7. REIMBURSABLE COSTS FOR THE USER

The Lessor shall reimburse the User for any costs related to oil, lubricants, routine servicing, and minor repairs incurred during the rental period, with the exception of car wash expenses, upon presentation of fully itemized invoices. The invoice must be issued to the Lessor:

CARWIZ Affiliate, SNA Auto Rental to obtain reimbursement for the above-mentioned costs, the User must obtain prior written consent from an authorized representative of the Lessor; otherwise, reimbursement will not be granted.
